**HEARTS ON
FIRE**

HEAVEN'S FIRE
FALLING
ON EARTH

Tips to make it OVER the TOP...

>Crank up the volume!

Be sure when you meet with your group you have speakers that can project the sound well, so your group can sing loudly with the international worship leaders. Help them feel like they are *there*!

>Pray & discuss together.

Dividing your group into small groups helps them internalize the teaching and get it into their hearts and minds. We set aside times to have small groups, and we give you questions your groups can use.

>Connect with your community and open the door!

Build lasting community right in your neighborhood by inviting guests from other community churches to join you at your venue. Take it to the next level by hosting a post-ReFocus lunch or coffee time to connect and create relationships and opportunities to keep meeting.

IGNITE

OUR HEARTS

Our NLW International Founder

Dwayne Moore is the founder of ReFOCUS and author of best-selling books like *Pure Praise: A Heart-focused Bible Study on Worship*. Dwayne is positive that this event will inspire and encourage your team to step into deep and intentional worship that begins with the heart.

on how to maintain a heart of
worship while leading in in
ministry.**

Make the schedule work best for YOU & your
TEAM. -February 28th Schedule-

Opening Session 8am Central (Chicago) Time

Dwayne Moore and

Live worship with Josh Anders/The Pointe Church Band

Session 2, 9:30am Central (Chicago) Time

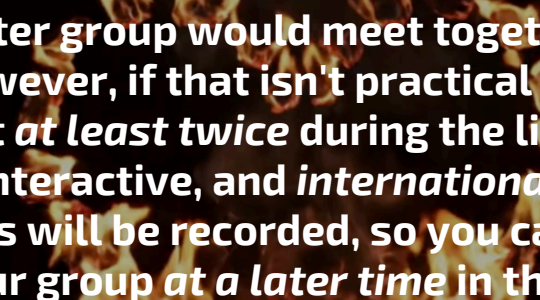

Dave Edwards and

Live worship with Josh Anders/The Pointe Church Band

Session 3, 10:50am Central (Chicago) Time

TC Mooney and

Closing Session- Final thoughts from our founder Dwayne Moore

Ideally, your cluster group would meet together during all 3 of the live sessions. However, if that isn't practical or probable, then we suggest you meet *at least twice* during the live sessions, to experience live, interactive, and *international* worship together. The main sessions will be recorded, so you can watch the other sessions with your group *at a later time* in the following weeks.
